

**Maine Association of Plumbing, Heating Cooling Contractors, Inc.**  
*est. 1893*

## **Mechanic's Lien and Contracts based on Maine Law**

**WHERE:** Verrillo's Convention Center

155 Riverside Street, Portland

Exit48 off Maine Turnpike

**DATE:** Thursday, October 29th, 2009

**TIME:** 5:00 pm - 7:00 pm *Dinner Included*

The Guest Speaker for the dinner seminar will be Jerome J. Gamache, Esq. from the law firm of Ainsworth, Thelin & Raftice, PA in South Portland and an associate member of Maine PHCC.

A mechanic's lien can be an effective tool for collecting payments and proactively managing credit only if you do it correctly. Jerome will address the practical aspects of how to protect your mechanic's lien rights and how to efficiently use your rights to ensure payments. He will also cover the recent changes made to this statute.

In addition the Maine's Home Construction Contract statute and contractor compliance will be discussed. Many contractors know about this only after they have been burned by it. This open format will encourage questions on these subjects as well as other questions you may have.

*Please RSVP by October 26th by mail, phone, fax or e-mail –*
